

## ADVANCEMENT PLAN

Advancement is an integral part of Scouting and as such is important to any successful week in camp. The following are guidelines for planning your Scout's trail during your stay at Camp Meade. There are two essential thoughts to keep in mind while counseling those who plan to attend camps: 1) the individual boy's skill and desires, and 2) the schedule of times needed to complete any badge. Please be sure to counsel each boy individually noting the prerequisites that merit badges may have. These prerequisites are given in order to assist you and the Scout in completing the skills.

### MERIT BADGE PROGRAM

Only through individual counseling can you determine what badges a boy needs to work on or in which he has desires and skills. Here are some crucial steps in the planning process.

- **A boy's physical skill needs to be considered especially in the aquatic badges. In shooting sports, the years of shooting archery, rifle, and shotgun need be considered.**
- Scouts should **come to camp having read** the requirements and reviewed the Merit Badge Book. Prerequisites should accompany them to their first class.
- **Merit badge applications** should be **readied** prior to camp arrival, including signatures.
- **Scouts** who come prepared will be able to finish the badge in less time having additional time for open areas and Troop programming. Please be sure to carefully review pre-requirements for each Merit Badge.
- All merit badge work should be completed by Friday noon, with the exception of all Boating merit badges. This will allow the Troop time for the camp-wide open program and board of review.
- We will be offering Fingerprinting merit badge that Scouts will be able to begin to take mid week if they complete other merit badges early. Scouts will have an opportunity to visit the Handicraft program area to schedule this.

### PARTIAL COMPLETION

For all merit badges, a boy will receive a partial statement if he has completed any of the requirements. The partials will state the requirements that the Scout has accomplished. The philosophy behind a partial is for a boy to return home and complete the badge as soon as possible. The counselor has the right to review any and all of the completed requirements before signing for the merit badge. (If necessary, a return to camp during the same summer is possible, even for a day visit, in order to complete the badge requirements).

## CAMPWIDE GAMES & COMPETITIONS

This year, HMSR is re-introducing a long standing tradition at camp: CAMPWIDE GAMES! This year there will opportunities to for your Unit to compete against other units for Scout and Adults:

### **Gateway Competition**

Each Unit will receive the opportunity to show how imaginative they are in creating a gateway for their campsite. This can be done by Patrol, Troop or Campsite if there are multiple units that wish to work together. Gateways will be judged on creativity, stability, teamwork presented by the youth and Scout Spirit. Gateways will be judged on Thursday during the day and awards will be presented at the Friday Night Closing Campfire.

### **Cast Iron Chef for Scoutmasters**

The Cast Iron Chef Challenge is a competition to test the cooking and artistic skills of the Adults at HMSR. Scoutmasters can use any means of cooking but must primarily use a Dutch oven(s) or cast iron. Participants will be judged on presentation, creativity, taste and overall enthusiasm and Scout Spirit. This Competition will be judged on Monday Evening during Open Program.

### **Campwide Games**

This year, Hawk Mountain Scout Reservation is reintroducing CAMPWIDE GAMES! The Theme for Campwide Games is **H.M.S.R. Monopoly** and has a many exciting elements to these games. Campwide Games will take place on Friday afternoon from 2:00-4:00. Some parts that will be included are: The Mr. Monopoly Contest, various challenges sponsored by Program Areas, and the Race to see who will control the H.M.S.R. Monopoly!

Complete information on Campwide Games shall be released at the Leaders Meeting in April.
